Kedves Myra, idén én is két első osztályban tanítok német nyelvet. Az én tapasztalataim is hasonlóak, nagyon nehéz a kicsikkel. Hiába vannak ötleteim a játékos nyelvtanításhoz, a gyerekek nagyon fegyelmezetlenek és az óra nagy része azzal megy el, hogy próbálok rendet tenni. Sajnos sok a problémás gyerek. Most azt találtam ki, hogy délután elviszek korrepetálni egy-egy gyereket, hogy közelebb férközhessenek hozzájuk. Eddig én mindig osztálytanító voltam és a szorosabb, egymás elfogadására épülő kapcsolat kialakítására így nagyobb lehetőség nyílt. Én a Mein erstes Deutschbuch-ból tanítok. Idén csak a szóbeli részt dolgozom fel velük, már amennyire sikerül majd. Szerintem a témák nem túl lelkesítőek a gyerekek számára. Te miből tanítasz? Miben tudnék segíteni, ötleteket adni?

Kedves Marcsi!

Én egy szülő vagyok, akinek van egy 2. osztályos gyermeke. Az volt a problémám, hogy az iskolában 1.osztálytól tanítanak németet, de teljesen értelmetlenül. Itt arra gondolok, hogy pl. névlő nélkül tanulták a szavakat. Az hogy játékosan, erre nem is mertem gondolni...

Aztán végleg akkor telt be a pohár, amikor 2. osztály 2-3. német óra után hazajött lányom és nézem a füzetét és a következőt látom: Kommen : ige, felszólító mód, többes szám!/ Semmilyen magyarázat nem volt, a tábláról kellett ezeket másolni!/
Na már most magyarul sem tudják, hogy mi az, ige, felsz.mód, többes szám....

Amikor ezt többet magammal szóvátettük, a tanárnő mélységesen felháborodott és kikérte magának, hogy ne szóljunk bele a tanítási módszerébe, persze ezt mind felháborodva és nem éppen barátságosan. Jeleztük a problémát az iskola igazgatónak is. Az ő válasza: nem vagyok német tanár nem tudok hozzászólni. Ekkor én elvittem egy főiskolára a füzetet, ahol német nyelvű tanítókat képeznek, a módszertan tanárhoz. CSodálkozott a füzet láttán, szakvéleményt írni nem tud, véleményét elmondta és arra bízgatott, hogy ne hagyjuk annyiban a dolgot. Adott egy telefonszámot, hogy hová forduljunk. Aztán felhívtam és további telefonszámot kaptam, és továbbit, és továbbit.....most itt tartok. Annyit viszont elértünk, hogy már "normálisan" tanulnak.

Még azt kell tudni rólam, hogy van egy 19 éves lányom, aki szintén 2. osztálytól tanult németet és nála semmilyen probléma nem volt. Azóta németből és angolból van nyelvvizsgálója. Ők egyébként a Schulbus 1 /Lexika/ tankönyvből tanultak, amit nagyon jónak tartok és ajánlom figyelmedbe!

Most mi úgy döntöttünk, hogy /már meg is vásároltuk ezt a könyvet/ a nagylányom tanítja otthon a kicsit és így haladunk. Abban kértem volna valaki segítségét, hogy hol tudnék "írásos" szakvélemény beszerezni a tanítási módszerről. Elnézést, hogy ilyen hosszan írtam a problémámról, de azért fontos dolog, hogy ne rettegjenek az idegen nyelvtől és szívesen tanuljanak!

Várom véleményedet:

Üdvölettel: Myra
